

Mojo Barriers is the leading international supplier of stage barrier systems, setting the industry standards for live events.

Products: The favourite among event organisers looking for a safe, sustainable and cost effective system, Mojo’s continual investment in R&D results in proprietary barriers which are proven, adaptable and reliable. As well as aluminium stage barriers Mojo has a vast portfolio of other innovative products designed for use at outdoor and indoor events including turnstile systems, line up gates, bar barriers and a range of accessories.

THE MOJO  
BARRIERS®  
www.mojobarriers.com

Crowd management: Mojo combines these independently tested products with an expansive knowledge of crowd management and crowd control, and experienced project managers. Taking into consideration a wide variety of factors, Mojo creates bespoke configurations designed with audience, guest and crew safety as the highest priority.

Offering an international network, combined with local service, Mojo Barriers has been the trusted global stage barrier resource for over twenty years.

LINE-UP GATE

A modular gate system compatible with the Mojo aluminum barriers, the line up gate is used for entrance ways at festivals, stadia, venues or other areas with large queuing crowds to manage their ingress. Gates can be placed at site entrances or ‘golden circle’ or ‘VIP areas’. The unique design includes areas suitable for security check points and ticket collection or scanning, while also ensuring the crowd enters the site in an orderly fashion.

- Full aluminum system, quick to build and quick to take out
- Contains two small lockable doors at the front and back of the unit
- Sloped floorplate (back and front)
- Gate width is 0.50 m
- Fully compatible with the Mojo Barrier system
- Signage (banners or LED) is optional
- Possible access for security staff between queuing people
- Front bumper has a security step for addressing or overlooking the ingress
- Can be used for ingress and egress of crowds
- Available in silver only
- Use in high crowd pressure areas: ●●●○
